Account Overview Last 30 days

Amount Saved: \$0.00 Last 30 days

The dashboard displays various shipping account metrics and status. At the top, there's a summary card with a magnifying glass icon. Below it, a large central area features a superhero character holding a clipboard with a checklist. To the left, a section for 'Shipping User Accounts' lists a FedEx account as 'Active'. On the right, there are fields for 'Username' and 'Test Account' with 'View' and 'Edit' buttons. A 'View All' button is located at the bottom right.

## AutoAudit™ Ship/FX®

*Ship/FX AutoAudit is free to try and free to use!*

**Everybody makes mistakes, including shipping carriers. Whether it's overcharges, errors or late deliveries, your company may be entitled to refunds and carrier credits. Here's the catch: if you want your money back, you have to find these mistakes and let the carriers know. That's where Ship/FX AutoAudit can lend a hand.**

AutoAudit is a real-time audit and interactive reporting tool, that slashes freight costs by auditing invoices by line item, disputing claims instantly and returning dollars back to YOUR business without disrupting operations. Boost efficiency, secure maximum refunds, report on savings and accelerate payouts. Sign up now for a free parcel analysis, which includes:

- **Analysis and recovery.** Overcharges billed to your shipping accounts are identified and audited to showcase the potential savings.
- **Lost and damaged shipments.** Ship/FX AutoAudit looks at every shipment to determine where lost and damaged refunds were missed.
- **Carrier agreement optimization.** Ship/FX AutoAudit examines valuable data, carrier invoices and shipping-industry proficiency to determine the areas where you could realize more favorable rates.
- **Intuitive reporting.** See real-time graphical snapshots of your shipping execution, providing visibility into where dollars are spent.
